"Old Fashioned Christmas" Wrap-up

Over 50 volunteers came to decorate the Clubhouse for the holidays, according to Nancy King, Committee Chairperson. Let's remember to say "Thanks", to Ryan Richardson for the delicious fried chicken luncheon that he provided that day. What a wonderful change, after years of soup and sandwich fixings! The maintenance department once again had everything ready and waiting for us to do our stuff. Take down on Jan 2nd was a relative breeze and we were finished before 11 AM. Members worked well as a group and the concept of an Old Fashioned Christmas really came together this year and all the added touches were evident, from the teddy bears & toy soldiers to Barbara Spadaro's magnificent tree in the ballroom.
