Joy Poole, Nom. Comm. Chair 7268
Dan Greene, Ex-Officio President 0153

Spotlight on Joan Greene

After 7 years of membership in the garden club, Joan is still active in serving. Her time has included positions on the board as VP/Programs and Secretary, as well as chairing various committees. Her former experience as a paralegal and nurse has enhanced her work in these positions. Joan's creativity has broadened within her time in the garden club, and now includes floral design work. Her designs, which have been in flower shows or displayed for various events are both unique and lovely. She also enjoys her painting of ocean and beach scenes with oils and watercolors. Her inspiration in floral design comes mostly from just "doing it". The district meetings, including some fabulous designers with striking ideas, have added more for her to incorporate in her designs. Joan and Dan

have been at LOW for 14 years. They first met in Hawaii and have lived in PA, KY, MD. Seeing younger members coming on board is encouraging to Joan as she continues to zoom in on the activities she can do best.

Really?!

We will soon have a Facebook and a web page! More information to come from Teresa Gregson who has been moving forward with this. Also, because of Doris Earhart and her amazing photography files, we are going to look good *fast!* Thank you Teresa and Doris!!!
