Carolyn Graham: "A Force of Nature"

On August 25th our club members attended the Celebration of Life of our late President. Her daughter, brother and friend spoke from their hearts about her, and Pastor Schafer and her son led us in Holy Scripture and meditation. We had a lovely reception with food for all those who attended, generously provided by our members. A memory tree was set up with hanging leaf cut-outs and memories of Carolyn handwritten by us, to give to her family. Pat Schrader created a beautiful floral arrangement and draped one of Carolyn's scarves around the container and hung a chain necklace alongside to remind us of her dedication to the LOWLINC organization.
